Letter Dated:
December 30, 1983
Addendum Applies:

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treating an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(c)(3) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 513 of the Code because you are an organization of the type described in sections 501(c)(1) and 501(c)(2)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 501(c)(3) status, a grantor or contributor may not rely on this determination if he or she was in substantial reliance for, or was aware of, the act or failure to act on the basis of this determination. Material change on the part of the organization resulting in your loss of such status, or any other change which would no longer be classified as a section 501(c)(3) organization.

As of January 1, 1984, you are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more you pay to each of your employees during a calendar year. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

You are required to file Form 990 only if your gross receipts each year are normally more than \$25,000. For guidance in determining whether your gross receipts are "normally" more than \$25,000, see the instructions for Form 990. If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. A penalty of \$10 a day is charged when a return is filed late, unless there is reasonable cause for the delay. However, the maximum penalty charged cannot exceed \$5,000 or 5 percent of your gross receipts for the year, whichever is less. This penalty may also be charged if a return is not complete, so please be sure your return is complete before you file it.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

IMPRESSION: I still believe that Kamal Roy's persistent headaches are primarily related to his neck. Dating back to his accident in 1998 he has had persistent neck and head pain complaints. I would suspect that a referral to physical therapy may be helpful. Normally I try to avoid chronic daily analgesics, as these can lead to analgesic rebound headaches.

He still has such significant spasticity that even the therapy in the short run may not be all that helpful unless he can be loosened up further. Apparently he has been on Baclofen in the past but it is unclear if he is taking any at this point. Normally Baclofen is not that helpful for control spasticity, which is probably mostly what he is experiencing presently.

I doubt that the MRI findings are causing his headaches, as they are deep and in the white matter regions and typically do not cause pain. I believe that most of these are probably explained on the basis of his prior stroke, as well as his head injuries as well.

I hope this information will be helpful to you.

Sincerely,

Edward J. Mendez

MEMORANDUM OF BOARD PANEL DECISION

Opinion By: A. Edel Groski
Jeffrey R. Sweet
Robert M. Zinck

* This decision also pertains to the following case(s): 09053942.

In an application filed January 27, 2005 the claimant, acting on her own behalf, requests review of the Worker's Compensation Law Judge ("WCLJ") decision filed January 18, 2005 wherein the WCLJ closed the matter pending submission of medical evidence of further causally related disability, and stated no further action was planned by the Board.

On appeal, the claimant asserts the WCLJ determination is unfair, violative of her due process, and contrary to prior Board decisions that had made awards.

In rebuttal, the carrier asserts that the WCLJ determination was proper and should be affirmed. Carrier further asserts that this matter also presents an underlying issue of whether the claim is even compensable, and that the materials submitted as part of the appeal further undermine the claimant's credibility with regard to this matter. Additionally, the carrier asserts that portions of the materials submitted on appeal relate to another claimant whose documentation and claims for compensation are substantially intertwined with the claimant in this matter, to the extent that the accounts of work injury and work related activity are largely corroborated only by each other.

At the hearing, the WCLJ noted that awards had previously been made through the year 2000, and that no evidence had been submitted indicating that the claimant had a causally related disability for any period subsequent to the year 2000. The WCLJ also noted that there is a WCL section 114-a issue pending in this matter, which would also need to be developed in the event the claimant did produce the necessary medical documentation.

The Board Panel finds, based upon a review of the entire record in this matter, that the determination of the WCLJ is proper, and that the claimant's offering on appeal is insufficient to warrant disturbing the WCLJ's findings.

RE: JUDGE: HON Jury trial demand US Federal Laws and Civil rights violations of Rev. Lpa
Rev. K Roy new lawful residents of USA. The defendants are multiple. The individual plaintiffs are victims of
USA and India as the protectors of Laws Le Governments are formed of people, many of them are less
perfects and violative of Laws. Even individual Defendants did take the example of abusive Governments and
method to employ violations and easy target of weaker plaintiffs as targets of oppressions. All defendants
fully or partly responsible for violations of many laws, which caused damages due to civil right violations. In a
har fashions violations of Laws caused problems for non individual Plaintiffs to suffer damages recoverable from
plaintiffs in compensatory and punitive damages. Corrupt systems of Governments are not fully corrupt as all
stiffness of it, the people who make the Governments are at many times are dutiful, disciplined and we may not be
to complain about them. God (AMERICAN, US I was made a defendants as the conventional Gods and divine
isms made by people including defendants made Gods lesser and lesser effective in our faiths as the social
systems has been painful for commoners to survive. Individual plaintiffs are ordained clergy,
demand the defendants and/or any devout of current divine system or a clergy or anybody
defend , the defendant, any american God or US God, preferably if not human God and/or
democratic devil.

Plaintiffs are sad to announce that conventional Gods are losing powers to the assumed rulers **dictatorial HUMAN GODS** all over the World.. Conventional GODS and divinity concepts are definitely superior Human Gods, in terms of Faiths, if they are not ornamental in Magical powers of Gods & pragmatic beliefs and amended time bases Faiths.

Raise SLOGANS world wide that "WE WANT NATIONAL DEMOCRACY with regional autonomies, with no foreign Control" from writing of the reverend: **Joseph Geronimo Jr, aka Jamal Karuna Roy Priest (a Plaintiff)** of newer people from tomorrow. The Corruptions are described in fuller text in the electronic mobile Book and Hard copy of Text Viz "Jungle Democracy..Oppression by rich and powerful People/ Nations to weaker People/alien..et al" by Geronimo. The fact most Defendants either violated laws and caused rights violations or neglected national constitutional laws in USA or India. Thus caused sufferings to plaintiff Geronimo or chief editor the Reverend Lisa Roy, as the defendants created problems for her survival in decent and healthy living. Fourth plaintiff: H I I world Religions Group suffered for loss of recognition by most of defendants. So damages are claimed as described below and above by a jury Trial.

JURY TRIAL DEMAND US Federal Laws and Civil rights violations of Rev Lisa
Raj K Roy now lawful residents of USA. The Governments are multiple. The individual plaintiffs are victim of
USA and India as the protectors of Laws. Governments are formed of people, many of them are less
in perfects and violative of Laws. Even individual Defendants did take the example of abusive Governments and
to its method to employ violations and easy target of weaker plaintiffs as targets of oppressions. All defendants
fully or partly responsible for violations of many laws, which caused damages due to civil right violations. In a
bar fashions violations of Laws caused problems for non individual Plaintiffs to suffer damages recoverable from
endants in compensatory and punitive damages. Corrupt systems of Governments are not fully corrupt as all
stiffment of R, the people who make the Governments are at many times are doubtful, disciplined and we may not be
to complain about them. God (AMERICAN, US I was made a defendants as the conventional Gods and divine
isms made by people including defendants made Gods lesser and lesser effective in our faiths as the social
ystems has been painful for commoners to survive. Individual plaintiffs are ordained clergy,
y demand the defendants and/or any devout of current divine system or a clergy or anybody
defend, the defendant, any american God or US God, preferably if not human God and/or
democratic devil.

And former resident in India where legal violations under Indian Laws commenced and now continuing
The Reverend Joseph Geronimo Jr (US based Priest in struggle with powerful but
all people & jungle democratic or optionally democratic Administrations, & run with influence of
Geronimo, Gods and /or democratic Devils World wide) aka the reverend K Roy, Author of some book
publications both in hard copies and desk_top electronic Publications in American foreign languages viz
Indian English, Hindi, Bengali, as well as US style English language, however the author being disabled

Plaintiffs are sad to announce that conventional Gods are losing powers to the assumed rulers &
dictatorial HUMAN GODS all over the World.. Conventional GODS and divinity concepts are definitely superior
Human Gods, in terms of Faiths, if they are not ornamental in Magical powers of Gods & pragmatic beliefs and amended time bases Faiths..
Rabe SLOGANS world wide that "WE WANT NATIONAL DEMOCRACY with regional autonomies, with no foreign Control" from
writing of of the reverend: **Joseph Geronimo Jr, aka kamel Karuna Roy Priest (a Plaintiff)** of newer people from
tomorrow. The Corruptions are described in fuller text in the electronic mobile Book and Hard copy of Text Viz "Jungle Democracy..Oppression
by rich and powerful People/ Nations to weaker People/alien..et al" by Geronimo. The fact most Defendants either violated laws and caused civ
rights violations or neglected national constitutional laws in USA or India. Thus caused sufferings to plaintiff Geronimo or chief editor the
Reverend Lisa Roy as the defendants created problems for her survival in decent and healthy living. Fourth plaintiff H I I world Religions
Group suffered for loss of recognition by most of defendants. So damages are claimed as described below and above by a jury Trial.
